

VANCOUVER ISLAND UNIVERSITY  
AND CAT® SIMULATORS:

# BRIDGING EDUCATION & INNOVATION

“  
In my last class, every  
one of my students  
was hired after the  
work experience.”

Kevin Levins, VIU instructor

**+3,000**

Students have completed the  
**9-week heavy equipment  
operator training program**

**4 Cat® Simulators**

Two Cat Simulators in two trailers:  
**Forestry and Construction**

“  
Training students on a simulator is  
an ideal introduction to the field  
and to how real equipment  
functions, long before they ever  
step into an actual machine.  
They’re not out on a jobsite  
yet—they’re learning the machine  
controls in a realistic, safe setting.”

Kevin Levins, VIU instructor
